

Safer, Lighter, Circular, Smarter

# Changing the future of FES design & vehicle safety!

## The Project

SALIENT is a Research & Innovation Action (RIA) developing a future-proof lightweight Front-End Structure (FES) design.

## Objectives

SALIENT aims to increase crash safety by addressing new mixed traffic scenarios and updated vehicle fleet characteristics.

The Consortium (12 partners, 7 countries) aims for a **Safer, Circular, Lighter & Smarter** future in the Automotive Sector.
